

SECURE 2006

SECURITY - Time for a Breakthrough

17-18 October 2006 The Radisson SAS Hotel
24 Grzybowska Street, Warsaw

Conference Agenda

October 17, 2006		
09:00	09:15	Opening Session - Day 1
09:15	09:45	Representative of Ministry of Interior and Administration - Keynote Speaker
09:45	10:00	Ronald De Bruin - ENISA <i>EU collaboration in Network and Information Security</i>
10:00	10:15	Coffee Break
		Session 1
10:15	11:00	Janusz Cendrowski - Polish Committee for Standardization/PROKOM S.A. <i>- Past ten years in Polish cryptography - was it a breakthrough?</i>
11:05	11:50	Jason Rafail - CERT Coordination Center <i>Coordinating between National CERTs</i>
11:50	12:10	Coffee Break
		Partners Session
12:10	12:45	dr Anton Grashion - Juniper Networks <i>Evolution and Network Security</i>
12:50	13:25	Michał Jarski - ISS <i>A composite approach to internal security of IT systems</i>
13:25	14:30	Lunch
		Session 2/1
14:30	15:00	Robert Kośła - DBTI ABW <i>Security of interconnecting and internetworking systems used for processing classified information</i>
		Session 2/2
		Łukasz Nowak - Allegro.pl <i>Security of online auctions</i>
15:00	15:30	Andrzej Kaczmarek - GIODO <i>E-GIODO. Electronic Platform of communication with Polish Personal Data Protection Office</i>
		Marcin Gozdzalik - GaduGadu.pl <i>Security of Instant Messaging Platform</i>
15:30	16:00	Lech Ryszewski - Polkom Audit Consulting Group <i>Security measures of Association of Polish Counties</i>
		Representative of the forum - Cooperation of abuse teams in Poland
16:00	16:15	Coffee break
		Sesje równoległe
		Session 3/1
16:15	16:45	John Harrison - NISCC <i>WARPs - A Community-based approach to improving ICT security</i>
		Session 3/2
		Przemysław Jaroszewski - CERT Polska/NASK <i>Bluetooth - threats in theory and in practice</i>
16:45	17:15	Sławomir Górniak - CERT Polska/NASK <i>What to choose? CERT, WARP or Abuse Team?</i>
		Bartosz Kwitkowski - CERT Polska/NASK <i>BOTNET - Army of hosts (Case study)</i>

17:15	17:45	Marco Thorbrugge - ENISA <i>ENISA and CERTs - Wrap-up and Outlook</i>	Piotr Kijewski - CERT Polska/NASK <i>Use of bioinformatic methods in network threat recognition</i>
Gala Dinner <i>The Professor Tomasz Hofmokl Award "For Promoting the Idea of Information Society"</i>			
October 18, 2006			
09:00	09:15	Opening Session - Day 2	
09:15	09:45	Rob Thomas - Cymru Team <i>The Underground Economy</i>	
09:45	11:15	Krzysztof Silicki, Mirosław Maj - CERT Polska/NASK <i>Last 10 years in the Internet security - "Time for a Breakthrough" - e-discussion</i>	
11:15	11:45	Coffee break	
Partners Session			
11:45	12:25	Paweł Reszczyński - Symantec <i>End-to-End Security Compliance</i>	
12:25	13:35	Lunch	
		Session 4/1	Session 4/2
13:35	14:05	Paulina Januszkiewicz, Marek Pyka <i>Building security policy according to the PN ISO/IEC 17799 and OCTAVE methodology</i>	Jakub Botwicz - Politechnika Warszawska <i>Hardware-accelerated methods of data classification for IT security applications</i>
14:05	14:35	Jani Arnell/ENISA <i>Risk Management and Emerging Risks - Current status and Future steps</i>	Tomasz J. Kruk - NASK, Cezary Rzewuski - Politechnika Warszawska <i>Effective pattern finding in systems of automated generation of network attacks signatures</i>
14:35	15:05	Błażej Miga - Poznan Supercomputing and Networking Center <i>Secure WWW hosting</i>	Krzysztof Maćkowiak <i>Quantum cryptography and its aplications</i>
15:05	15:35	Coffee break	
		Session 5/1	Session 5/2
15:35	16:05	Łukasz Stasiak, Adam Czajka, Andrzej Pacut, Marcin Chochowski i Przemysław Strzelczyk - NASK <i>From biometry to the secure biometry</i>	Marek Dudek - Dyżurnet.pl <i>Dyżurnet.pl - Part of Safer Internet Action Plan in Poland</i>
16:05	16:35	Tomasz Zygmuntowicz, Wojciech Bury - NASK <i>Security of Storage Area Network</i>	Agnieszka Wrzesień - Fundacja Dzieci Niczyje, Anna Rywczyńska - NASK <i>Awareness project - educational activities for Internet safety</i>
End of the Conference
